Celebrating 40 Years

Present

Mission Statement

Eastern Shore Rural Health System, Inc. is a Community Health Center committed to enhancing the quality of life for the people on the Eastern Shore. We seek to serve the needs of the rural community by providing accessible, comprehensive and affordable medical, dental and health services in a caring, professional and safe environment.

Vision Statement

Eastern Shore Rural Health System, Inc. shall be the provider of choice for primary and preventive services offering comprehensive care of exceptional quality for all people on the Eastern Shore.

Value Statement

Our work is characterized by quality, integrity, teamwork and communication.

Our relationships with patients demonstrate respect, compassion and confidentiality.

We strive for the empowerment of patients and colleagues as our partners in improving the quality of our community, our health and our lives.

Board President's Letter

John Schulz

Eastern Shore Rural Health System, Inc. (ESRHS) became a reality in 1976 when a group of committed citizens joined forces to improve health care on Virginia's Eastern Shore. At the time, the Shore had one of the highest infant mortality rates in the state and an elderly population at 20% (twice the state average). There were only four physicians in Accomack County serving 30,000 people, and three of those physicians wanted to retire.

Accomack Rural Health System, Inc. received a \$100,000 Rural Health Initiative Grant. (The name was changed to Eastern Shore Rural Health System, Inc. in 1977.) A board of directors was selected and the organization was incorporated in 1976. The grant was used to open a rural medical center in Onley on July 19, 1976, with two physicians, two nurses, two business staff, and one director.

Since 1976, we've grown from one doctor's office to five medical centers, thanks to the tremendous support from our community. Two of these centers offer dental services and we also have dental sites at two elementary schools. We now have a total of 33 medical providers, 11 dental providers and more than 200 support staff. We are the primary medical provider of choice on Virginia's Eastern Shore. In the last fiscal year, ESRHS provided 112,815 office visits to 30,113 patients, including most of our pediatric population.

As ESRHS celebrates our 40th anniversary, that growth continues as we begin building a new facility in Eastville that will combine the aging Bayview and Franktown facilities.

We thank you for your continued support and hope we can count on you as we begin Eastern Shore Rural Health's next chapter.

John Schulz

ESRHS closed on property for its new Northampton County facility May 26. Pictured at the closing are (from left): John Custis of Custis, Dix, Lewis & Custis, former ESRHS Board President Denise Bland and ESRHS CEO Nancy Stern.

CEO's Letter

PLANS FOR NEW EASTVILLE FACILITY TAKING SHAPE

CAPITAL CAMPAIGN BEGINS IN EARLY 2017

Nancy Stern

As we celebrate the 40th anniversary of Eastern Shore Rural Health System, Inc. (ESRHS) we are preparing for the next step in our growth.

We closed on property for our new Eastville Community Health Center on May 26. We've purchased 14 acres of property just south of the Eastville traffic light on the west side of Route 13 to build a new facility that will combine our aging Franktown and Bayview centers.

The new facility will have approximately 23,000 square feet compared to the 13,700 square feet that the current Bayview and Franktown have combined. By consolidating the two centers ESRHS will be able to offer a state-of-the-art facility that will provide potential expanded hours to include 10-hour days and Saturday hours, digital x-ray, expanded lab services and hours, potential telemedicine and additional providers and staff. Digital x-ray is currently not at either facility. Additionally, the current Franktown has dental services, but Bayview does not, so the new center will allow residents in the southern part of Northampton County increased access to dental care.

Finally, the new center will assist in recruitment of health care providers to the community, a plus given the Shore is recognized by the federal government as a region with a shortage of medical and dental providers.

A REQUEST FOR HELP

ESRHS is a 501(c)(3) non-profit Federally Qualified Health Center. As part of the nation's health care safety net, we serve both insured and uninsured patients. We work collaboratively with other area health care providers, community service organizations, and area schools. And, we have contracts with more than 100 corporations to provide pre-employment physicals, drug screens, and other services. We work with all of them to take care of all of you.

The total cost of the new center is an estimated \$9 million. We plan to finance the project through a combination of grants, foundations, and a capital campaign. We will exercise our borrowing power if need be. The annual federal program grant we receive can only be used to cover the medical and dental expenses of safety net patients who are underinsured or uninsured and meet federal poverty guidelines. The funds may not be used for construction. Therefore I am asking for your help.

It took a community to build ESRHS from one center in 1976 to what we are today. It will take the community to build the new Eastville facility. Please consider supporting us in this endeavor.

Be well, Nancy

By the Numbers

Present ...

97,684 medical visits

15,131 dental visits provided during the last fiscal year.

Past ...

7,000 medical visits provided during the first year of operation from July 1976 through July 1977.

29,046

immunizations given last fiscal year.

Present ...

30,113 patients cared for during the last fiscal year at one of Eastern Shore Rural Health's five medical or four dental locations.

Past ...

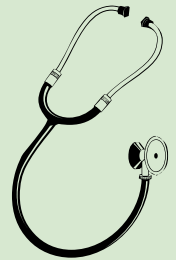

3,653 people cared for during the first year of operation from July 1976 through July 1977.

Present ...

33 medical providers

11 dental providers

200+ support staff work for Eastern Shore Rural Health as of press time.

Past ...

2 physicians

4 support staff worked for Eastern Shore Rural Health when the first office opened in July 1976.

New Doctors

Dr. Arthur M. Fournier, left, and Dr. Robert A. Stargos, right, arrived in Onley this week to begin their private practices under the sponsorship of the Accomack Rural Health Systems, Inc. They are expected to begin practice in the near future.

\$3,617,534

In "slide" services provided to uninsured patients during the last fiscal year. As a Federally Qualified Health Center non-profit 501 (c) (3) corporation, we receive federal dollars to care for the uninsured. Based on family size and income, qualifying individuals can pay for services on a sliding scale with federal dollars paying for the remainder of the cost.

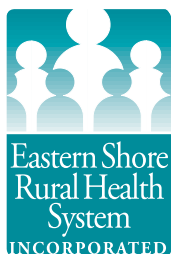

◆ **40%** private insurance

◆ **22%** uninsured

◆ **22%** Medicaid

◆ **16%** Medicare

is the breakdown of how Eastern Shore Rural Health patients paid for services during the last fiscal year.

Eastern Shore Rural Health System, Inc.

ESRHS Staff Awards & Milestones

EMPLOYEE OF THE YEAR

Nancy T. "Tommy" Hargis was named Employee of the Year for 2016. This award recognizes an employee, nominated by employees and selected by the Board of Directors, who performs exceptionally and excels in all areas of his or her job responsibilities. Ms. Hargis is a family nurse practitioner at Franktown Community Health Center

She was recognized for her compassionate patient care, commitment to ESRHS and dedication to her patients. ESRHS staff noted Ms. Hargis, "provides exceptional customer service to every patient through every interaction." Nominations also commended her for acting as a community ambassador for ESRHS, "She attracts patients through her involvement in the community."

EMPLOYEE'S CHOICE AWARDS

This is the first year for this award. Employees nominated coworkers for providing excellent customer service.

The 2016 winners are:

ATLANTIC
Dr. David Hoshino
Family Practice

BAYVIEW
Ms. Mica Jaramillo
Interpreter/Translator
Senior Business Asst.

CHINCOTEAGUE
Mr. Cade Osbourne
Business Assistant

CORPORATE
Ms. Paula Atkinson
Human Resources
Employee Relations

DENTAL
Ms. Patrice Milbourne
Dental Assistant

FRANKTOWN
Ms. Traci Justice
Pharmacy Assistant

ONLEY
Ms. Deanna Conquest
Business Assistant

PEOPLE'S CHOICE AWARDS

Jynnifer Albano

Tim Wallop

ESRHS strives to put its patients first. As part of this effort we listen to patients and strive to help every patient be informed and active in their own care.

Bayview Community Health Center Family Nurse Practitioner Jynnifer Albano and Onley Community Health Center Senior Custodian Tim Wallop were named People's Choice Award winners for 2016. This award recognizes a staff member who provides outstanding customer service. Patients nominate staff members by filling in "Who Made Your Day" cards at each center throughout the year. Staff then votes for the winner among those who were recognized within the year. This year Mr. Wallop and Ms. Albano tied for the award.

Working Together to Serve You Better

We work with many local, state, and national organizations to improve overall health and wellness. Here are some highlights from the last fiscal year.

\$28,482

in pediatric safety services provided through Safe Kids Eastern Shore; including car seats, bike helmets, and smoke and carbon monoxide alarms.

57
students hosted from

10
medical and dental
schools

\$5,374,410 = 5042

requests for aid in obtaining prescriptions fulfilled

Made by **994** indigent patients.

To help other patients, we also have a 340B prescription drug program.

131

corporate accounts were provided with employment physicals, breathalyzer tests, and drug screenings last fiscal year.

Participated in:

- 1.) the Caregiver Coalition, an organization providing assistance to Hospice patients;
- 2.) the Eastern Shore Health District's health improvement and emergency preparedness programs;
- 3.) the Eastern Shore Healthy Communities effort to reduce obesity;
- 4.) the Accomack Northampton Planning District Commission and Eastern Shore of Virginia Continuum of Care to survey homeless in the region; and
- 5.) partnerships with the Eastern Shore Community College to expand the area's workforce.

1,721

migrants and seasonal farmer workers seen last fiscal year. Served on the Migrant Services Council and partnered with Migrant Head Start.

\$86,788 = 6676

Chesapeake Bay Bridge Tunnel Tickets
Distributed in CBBT fiscal year (July 1, 2015-June 30, 2016) through the pass program for individuals who meet financial criteria traveling across the Bay to receive medical treatment from specialists.

ESRHS Staff Receive Statewide Recognition

Ernest Augustin, a long-time outreach worker at Onley Community Health Center, was honored with The Tony Lawson Special Recognition Award by the Virginia Community Healthcare Association. This accolade recognizes an outstanding staff person who works at a community health center, who is not a health care provider or volunteer, for his extraordinary efforts in supporting his organization's mission.

Mr. Augustin was recognized and commended for his steadfast and loyal service to migrant populations. He is known in the community for his attentive outreach, often connecting patients with community partners to expeditiously provide health care and other crucial services.

Members of Eastern Shore Rural Health System's Outreach and Enrollment Team were awarded the FAMIS Superstar Award for their efforts to get children enrolled in health insurance at the 2016 Medicaid and FAMIS Enrollment Summit. The team was recognized for innovative strategies that have reached and helped to enroll people into Medicaid and FAMIS programs and the Health Insurance Marketplace. The Virginia Health Care Foundation, in partnership with the Virginia Department of Medical Assistance Services and the Virginia Department of Social Services, hosted the statewide event.

Pictured (from left) are: Allison Little, Meghan Neville, Sarah Castillo and Jessica Thomas, with the FAMIS Superstar Award.

ESRHS Meets 18 out of 19 Federal Requirements

Eastern Shore Rural Health System, Inc. aced 18 of 19 Health Center Program requirements in a Health Resources and Services Administration operational site visit that took place in August. HRSA, a U.S. Department of Health and Human Services agency, provides funding for ESRHS to care for the under and uninsured.

The 19 program requirements cover a range of criteria, including meeting the needs of the community, offering essential services, management soundness and financial compliance, and governance. Specially trained community health center professionals conduct the review, many of whom have extensive experience on the front lines of community health centers.

One of the “best practices” cited was the active collaboration between ESRHS and its community partners, specifically, Riverside Shore Memorial Hospital.

“Eastern Shore Rural Health was recognized as a center of excellence and a model for the country,” said CEO Nancy Stern. “From our employees, to our Board, to our facilities and leadership, we were described as ‘Cream of the Crop.’ Two of our reviewers would like to return with some of their leadership from their centers and show them how it can work!”

ESRHS Celebrates National Health Center Week

The ESRHS community health center system is a Federally Qualified Health Center system. For more than 50 years, the Health Resources and Services Administration has supported health centers like ESRHS that have provided comprehensive, culturally competent, quality primary health care services to medically underserved communities and vulnerable populations.

National Health Center Week has been celebrated for more than 30 years to recognize the services and contributions of Community, Migrant, Homeless and Public Housing Health Centers. While there are countless reasons to celebrate America’s Health Centers, among the most important and unique is their long success in providing access to affordable, high quality, cost-effective health care.

ESRHS celebrated National Health Center Week by providing information on our baby care program, oral health, safety, and health insurance enrollment at the Onley and Franktown centers.

Ways to Give

- Gifts of Cash, Securities, Real Estate or Personal Property: ESRHS accepts personal and corporate checks, gifts of stock and whole interests in other properties. By giving appreciated assets, you can avoid capital gain taxes and receive an income tax deduction.
- Employer Matching Gifts: Many businesses will match your gift to ESRHS, often doubling your contribution.
- United Way Giving: You can make a gift to ESRHS by designating our organization as the recipient of your United Way donation.
- Planned Giving: You can speak to your loved ones about your desire to designate a gift to ESRHS in your will. Your family will receive the tax benefit and your community will benefit from increased access to health care. A suggested wording would be: "I give to Eastern Shore Rural Health System, Inc. in Virginia, having its principal offices at 20280 Market St., Onancock, VA 23417, the sum of \$ _____ (or alternatively, _____ % of the residuary of my estate) for its general purposes to provide health care on Virginia's Eastern Shore."

To discuss giving opportunities, please contact Amy Bull at abull@esrh.org or leave a message at 757-414-0400 ext. 122.

Opioid Epidemic Addressed

State and local officials and local law enforcement leaders met at Onley Community Health Center Aug. 10 to discuss the ongoing opioid epidemic. From left: Virginia Secretary of Public Safety Brian Moran, Virginia Secretary of Health and Human Resources Bill Hazel, Eastern Shore Rural Health System, Inc. CEO Nancy Stern, Virginia Commissioner of Health Dr. Marissa Levine, and Eastern Shore Rural Health System Inc. Chief Medical Officer Dr. Blair Chick.

Health Care Plan Measures and Results

Eastern Shore Rural Health faces challenges with managing chronic diseases. This chart highlights key health measures tracked by ESRHS.

Each year, the federal Bureau of Primary Health Care assesses how community health centers have performed against these health measures. This past year, Eastern Shore Rural Health's results have exceeded both state and national results for clinical quality standards for 10 out of 14 measures!

CATEGORY	INCREASE PERCENTAGE OF:	2015 RESULTS
Adult Weight Screening and Follow-up	Patients age 18+ with Body Mass Index (BMI) and follow-up plan documented if needed.	Goal Exceeded
Asthma Drug Therapy	Patients ages 5 - 40 with acceptable medication treatment plan for asthma.	88% of 2017 Goal Met
Cervical Cancer Screening	Females ages 24 - 64 with Pap test on file in past 3 years.	40% of 2017 Goal Met
Child and Adolescent Weight Assessment and Counseling	Patients ages 3 - 17 with a Body Mass Index on file and documented counseling.	Goal Exceeded
Childhood Immunizations	Children up to date with required vaccines by 2nd birthday.	74% of 2017 Goal Met
Colorectal Cancer Screening	Patients ages 51 - 74 with appropriate screening for colorectal cancer.	Goal Exceeded
Coronary Artery Disease Lipid Therapy	Patients age 18+ with a diagnosis of CAD prescribed a lipid lowering therapy.	Goal Exceeded
Diabetes Control	Diabetic patients ages 18 - 85 with A1c test results less than or equal to 9.	96% of 2017 goal met
Hypertension Control	Hypertensive patients ages 18 - 85 seen 2 times during reporting period with blood pressure less than 140/90.	Goal Exceeded
Seasonal Agricultural Worker Health	Outreach and health education activities provided.	Goal Exceeded
Seasonal Agricultural Worker Health	Women ages 24 - 64 with Pap test on file in past 3 years.	Goal Exceeded
Oral Health	Children with completed treatment plans in 6 months	Goal Exceeded
Tobacco Cessation Intervention	Patients given cessation advice or medication when applicable.	Goal Exceeded
